

JARARIUM

COMPANION WORKSHEET

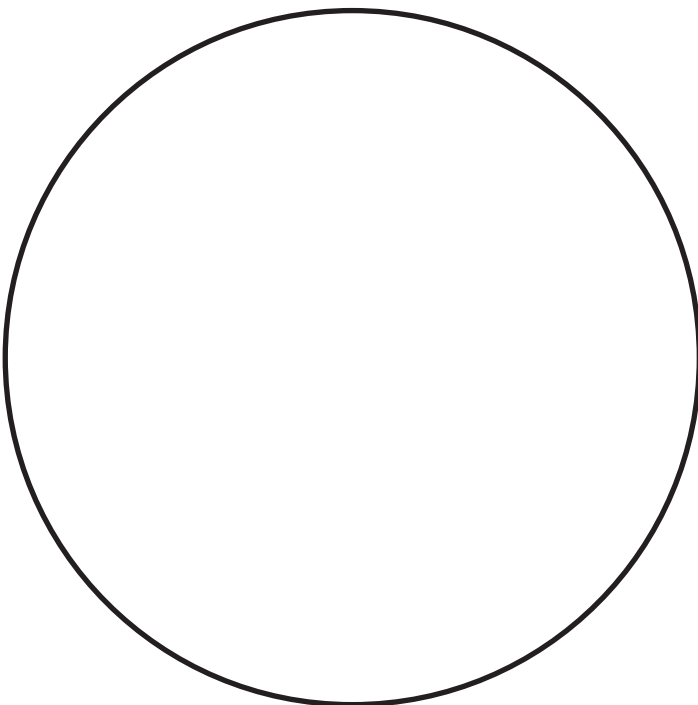

1. GO OUTSIDE AND FIND 3 SMALL PLANTS TO PUT IN YOUR JARARIUM AND IDENTIFY THEM.

1. _____

2. _____

3. _____

2. DRAW HOW YOU WILL LAYOUT THE PLANTS YOU HAVE FOUND IN YOUR JARARIUM.

MATERIALS:

- 1 wide mouth mason jar
- Pebbles or gravel
- Activated horticulture charcoal
- A trowel
- Potting soil
- Spray bottle filled with water
- Moss and other low growing plants

3. THE SEALED JARARIUM IS AN EXAMPLE OF A COMPLETE ECOSYSTEM. WHAT ARE THE PLANTS MAKING FOR THEMSELVES THAT THEY NEED TO STAY ALIVE?

4. AFTER A DAY OR TWO, SOME CONDESATION WILL FORM ON THE INSIDE OF THE JAR. EXPLAIN THE CYCLE THAT HAPPENED IN ORDER FOR THAT CONDESATION TO FORM.
