

## ABOUT SBS

STEM Beyond School (SBS) provides professional development in a statewide STEAM learning community of out-of-school/after-school educators and community-based organizations, in partnership with Oregon's STEM Hubs.

## DESCRIPTION

Are you an after-school/out-of-school time (OST) instructor or site manager working with youth in grades 3-8? Are you interested in adding or amplifying STEM/STEAM in your existing programming?

SBS provides a foundation in best practices for out-of-school-time STEAM. It is not a curriculum, but rather builds educators' capacity to provide hands-on STEAM learning relevant to your communities and youth, with real-time supports.

## INFO SESSIONS

Oct 6 - 10-11 am;  
[Join Zoom Meeting](#)  
Meeting ID: 881 0884 1477  
Passcode: 781440

Oct 13 - 10-11 am;
