# Sphero Blueprint Class Accessories

The Sphero Blueprint Classroom Accessories STEAM Kit is designed as an extension of the Sphero Blueprint Build kit, offering additional tools and materials to enhance the learning experience. This kit is designed to facilitate more advanced challenges. Encourages creativity, teamwork, and real-world problem-solving through the use of expanded resources and hands-on experimentation.

**Must be checked out with a Sphero Blueprint Build Classroom kit.**

## Content of Kits

### Components

- 2 Sphero Blueprint Class Accessory kits

## Storage

- Store all components in their provided organizer bin.
- Keep bin and components in a clean and dry place to ensure safety and longevity of the kit.
